Self-Design Proposal

Do you have an interest in completing your service with a site that is not on this list?

One expectation of the CCUE 100 experience is for students to serve in the Springfield/Clark county community and with non-profit organizations that are in partnership with the Hagen Center's Community Service program. If a student wants to serve with a non-partner site, then they need to submit a Self-Design proposal for approval. The experience must meet the guidelines for CCUE 100 and allow the student to achieve the desired outcomes of CCUE 100. In reviewing the proposal, consideration will be given to the level and type of engagement the student has already had with this local community and to their residential status.

For more information: Please contact us at [937] 327-7523, e-mail us at hagen-center@wittenberg.edu or visit the Hagen Center, 723 N. Fountain Avenue
