Self-Design Proposal

Do you have an interest in completing your service with a site that is not on this list?

One expectation of the CCUE 100 experience is for students to serve in the Greater Springfield/Clark County community and with non-profit organizations that are in partnership with the Hagen Center for the CCUE 100 course. **If a student wants to serve with a non-partner site, then they need to submit a Self-Design proposal for approval and the proposed site will also need to complete a proposal for review.** The experience must meet the guidelines for CCUE 100 and allow the student to achieve the desired outcomes of CCUE 100. In reviewing the proposal, consideration will be given to a student's circumstances and the site's connection to those guidelines.

WYSO- Self-Design
