

LIBERAL ARTS IN ACTION 2019

A Celebration of Learning

April 5, 2019

WELCOME MESSAGE

On behalf of the Wittenberg Community, we welcome you to Wittenberg’s seventh annual Liberal Arts in Action: A Celebration of Learning. This is a day dedicated to celebrating student achievement. As you will see, there are 125 students presenting their work, experiences, and performances throughout the day.

Students participating in the Celebration of Learning are supported by their departments as they showcase their work. They represent the very best that Wittenberg has to offer. We congratulate them on being selected and want to pass on our thanks for their hard work and participation in the program.

We extend special thanks to all the faculty chairs of the Celebration of Learning panels and the emcees/announcers who introduced the fine arts performances and TED Talks.

We extend gratitude to Vanessa Orduna Zarazua and Cameron Dobrotka for their contributions in making this an exceptional day for the Wittenberg Community. Special thanks to Ray Jones for technical support, and to Linda Beals for helping us circulate the word about today’s event to local high schools!

We invite you to join us in celebrating our students’ achievements!

Cordially,

Cherie Rebar, PhD, MBA, RN, COI; Professor of Nursing

Molly Wood, PhD; History and Director of the University Honors Program
