Our featured speaker is **Dr. Kathy Koenig**, an Associate Professor at the University of Cincinnati. She holds a joint appointment between Science Education and the Department of Physics. Her research interests include the implementation and evaluation of teaching pedagogies that support student success and retention in introductory college-level STEM courses (primary focus is physics), along with the development and evaluation of curricula that targets K-16 student scientific reasoning abilities.

We will also be joined by our student interns speaking about their experiences either on campus, at the Noyce Conference or at the Pacific Northwest National Laboratory in Richland, Washington:

- **Kim Lykens**
  - 2014, Biology
  - PNNL

- **Savannah Kiser**
  - 2012, Math + Physics
  - Noyce Conference

- **Tiana Gilbert**
  - 2014, Education
  - Hagen Center

- **Olivia Marceau**
  - 2014, Acct.
  - Hagen Center

- **Leslie Goshia**
  - 2015, Education
  - Upward Bound

- **Rachel Evans**
  - 2014, Math
  - Hagen Center

- **Colleen Huey**
  - 2014, Education
  - Hagen Center

**Wednesday, Sept. 26th**

4:30-6:00 PM

101 Blair Hall, Wittenberg University

Light Refreshments will be served.

Following the presentation, there will be an announcement regarding a Fall information session about how to apply for STEM scholarships and summer internship programs.
