

Dear Faculty & Staff,

In a continued effort to promote wellness, the HR department is again sponsoring an on-site flu-shot clinic in cooperation with Walgreens pharmacy and Wittenberg's our own nursing students.*

- Due to COVID-19 and social distancing protocols, **employees and family members must sign-up this year**. Don't worry – **it's EASY!** Just [click here to sign-up](#). The schedule allows for five (5) people per each 10-minute slot. This schedule is designed to accommodate the number of vaccinations we're expecting based off of last year's numbers. If the slots fill up, we will ask the Pharmacist for additional time. After you sign-up you'll receive confirmation and a calendar reminder. Walk-ins may be accepted on a limited basis but we ask for your cooperation in signing up to help manage social distancing. Please be on time for your scheduled appointment.
- Anyone participating in the clinic **must wear a mask**.
- To avoid sharing writing instruments and to keep the schedule flowing smoothly **please complete the attached VAR consent form** and **bring it with you to the clinic**. Having the forms already completed will keep the clinic moving at the scheduled pace. If you forget, forms will be available on-site if needed.
- Remember to **bring your insurance card with you**.

If you're currently participating in a university sponsored healthcare plan through Anthem, you and your covered dependents can receive this **preventive vaccine at NO COST** to you. Simply bring your Anthem card with you and a Walgreens pharmacist will take care of the rest. If you are not participating in one of the university sponsored healthcare plans you can receive the vaccine at this clinic for a charge, or you can bring another insurance card and it **may** be covered (please check with that insurance company).

Please see the 2020 date, time, and location below.

DATE:	Tuesday, September 22nd
TIME:	8 a.m. to 12:30 p.m.
LOCATION:	Nursing Simulation Lab Science Center, Room 237
<p>This year appointments are required to assist in social distancing. Please click here to sign up! Walk-ins may be accepted on a limited basis.</p> <p>** Remember to bring your insurance card and your completed VAR consent form to the Clinic**</p>	

*This on-site clinic is being offered simply as a convenience to our employees and the university does not sponsor or endorse Walgreens pharmacy. Per the Anthem plan designs, flu vaccines given by other ***in-network providers and billed as preventative*** are covered at 100% when they are given at a doctor's office or at a flu shot network pharmacy. Wittenberg Nursing students will be assisting with paperwork, cleaning, and ensuring social distancing protocols are adhered to. Additionally they will be learning and interacting directly with a licensed pharmacist.

Flu vaccines given by out-of-network providers are only covered if your deductible has been met and then the out-of-network coinsurance will apply up to Anthem's maximum allowed amount.

*Ohio law allows children age 7 and older to receive the vaccine in a clinic-type setting.
