

Appendix I - Tuition Benefit Policy (rev 4/1/2022)

Wittenberg University provides five (5) tuition benefit programs for eligible employees and dependents. Please read the individual program policies carefully as the benefits under each section vary. Please contact the Department of Human Resources at hure-mail@wittenberg.edu or 937-327-7517 if you have questions.

		<i>pages</i>
I	Undergraduate Wittenberg Tuition Waiver for employees & spouses	2 - 4
II	Undergraduate Wittenberg Tuition Waiver for dependent children	5 - 7
III	Undergraduate Tuition Export Scholarship for dependent children	8 - 11
IV	Undergraduate Tuition Exchange Programs for dependent children (Tuition Exchange, Inc., CIC, ELCA, GLCA)	12 - 15
V	Graduate Wittenberg Tuition Remission for employees & spouses	16 - 18

SECTION I

Undergraduate Wittenberg Tuition Waiver for Employees & Spouses

A. Eligibility

1. Effective on the date of full-time hire, faculty, administrative staff, and support staff (University Staff) are eligible for this benefit. Full-time is defined in the [University Staff manual](#).
2. Officially retired University Staff members in good standing are eligible for the benefit. See the [Staff Manual](#) for parameters defining official retirement.
3. The spouse of anyone eligible under 1 or 2 above.
4. A marriage license must be provided to HR prior to consideration for eligibility of a spouse.

B. Limitations

1. The waiver of tuition is restricted to undergraduate courses taken at Wittenberg University.
2. The waiver applies to the basic tuition costs and registration fee. It does not cover the payment of additional fees, such as laboratory fees or technology fees.
3. The tuition cost for private music lessons will not be waived unless the student is a full-time music major who is taking private music lessons for course credit. Otherwise, the charge for these lessons will be calculated on the same basis as the charge for full-time students who are not music majors.
4. University Staff may take one course per semester *during the regular work day* and are required to seek approval from their supervisor. Time spent in class is not compensated. University Staff must work with their supervisor to determine necessary adjustments to their regular work schedule. University Staff may take non-work hour night or weekend courses, in addition to a course taken during the regular work day, up to the maximum allowed credit hours per academic year.
5. The course load for which University Staff may receive a tuition waiver is limited to sixteen (16) credit hours per Fall & Spring semesters of the academic year. Summer courses do not count toward the maximum limit for University Staff.
6. Spouses may take two (2) courses per academic year (Summer, Fall, Spring) under the full tuition waiver. Spouses are also eligible for a waiver of one-half of the tuition for any additional regular courses taken during the academic year.
7. A spouse who is a full-time student is required to apply for eligible financial aid. This includes completion of the Free Application for Federal Student Aid (FAFSA). Other examples of financial aid include federal grants or scholarships, state grants or scholarships, vocational rehabilitation benefits, veteran benefits or veteran's dependent benefits, and corporate, private or foundation grants or scholarships.
8. IRS standards and guidelines for taxable tuition remission benefits include:
 - a) The first \$5,250 in tuition remission provided in each calendar year for courses taken by an **employee** is non-taxable. Tuition remission beyond the first \$5,250 is considered taxable income to the employee.
 - b) 100% of tuition remission provided in each calendar year for courses taken by an **employee's spouse** is considered taxable income to the employee.

C. Enrollment

1. Complete a Wittenberg Tuition Waiver form (for employees + spouses), provide your signature, and obtain supervisor's signature (for employees). Return the completed form to HR. HR will determine eligibility for the benefit & will work with Financial Aid to apply the waiver to the student's statement. See the [HR Tuition webpage](#) to access the form.
2. Apply and be accepted to the University through the standard admission process. University Staff must qualify for admission to courses or degree programs in the same manner as non-University Staff applicants. Eligibility for a tuition waiver does not imply a waiver of regular admission requirement or procedures. See the [Admission webpage](#) for details.
3. Enroll in courses through the standard enrollment process. Wittenberg will first accommodate the registration requests of its traditional full-time paying students. Enrollment will then be approved on a space available basis, typically one to two weeks prior to the start of the respective class(es). See the [Registrar's webpage](#) for details.

D. Change in Employment Status

1. If an employee voluntarily terminates employment during a semester in which the tuition waiver benefit is being utilized by themselves or a spouse, the benefit will be pro-rated and the employee is responsible for re-payment to Wittenberg of the resulting uncovered pro-rated tuition balance.
2. If an employee is involuntarily terminated by the University during a semester in which the tuition waiver is being utilized by themselves or a spouse, the university will determine, on a case-by-case basis, whether to seek reimbursement or to allow the full waiver or partial waiver for the current term and whether to allow continued waivers beyond the current term.
3. If an employee officially retires from the university and remains in good standing, and as long as satisfactory academic standards are met, the benefit may be maintained for the retiree and spouse for a period of up to eight (8) full-time semesters or completion of the degree being pursued, whichever occurs first. Non-degree seeking retirees or spouses may continue to take one-off courses indefinitely.
4. If an eligible University Staff member should go on long-term disability (LTD) or die during a semester in which the tuition waiver benefit is *already being utilized* by themselves or a spouse the waiver for the University Staff member will remain in-tact (if the University Staff member goes on LTD) and for the spouse (if the University Staff member goes on LTD or dies) for the current semester. Beyond the current semester, as long as satisfactory academic standards are met, the benefit may be maintained for the University Staff member (if on LTD) and/or spouse (if University Staff member is on LTD or dies) for a period of up to eight (8) full-time semesters or until completion of the degree being pursued at the time of the disability or death, whichever occurs first. Non-degree seeking University Staff members or spouses may continue to take one-off courses indefinitely.

5. Spouses of an eligible University Staff member who died or went on long-term disability (LTD) *prior to the tuition waiver benefit being utilized* remain eligible for the tuition waiver assuming the deceased/disabled University Staff member met the eligibility requirements for the tuition waiver benefit and had completed at least five years of continuous full-time service to the University prior to death/disability. The University Staff member must have been actively employed by the University at the time of death/disability and the spouse must have been the eligible spouse of the University Staff member at the time of death/disability. The tuition waiver is available for a total of up to eight (8) full-time semesters or until graduation, whichever occurs first. Non-degree seeking spouses may continue to take one-off courses indefinitely.

E. Additional Provisions

1. Wittenberg reserves the right to interpret the Tuition Waiver for Employees & Spouses policy as deemed appropriate in instances of ambiguity.
2. While infrequent, exceptions to policy may be made as needed in instances of special circumstance. Each exception request will be reviewed on a case-by-case basis.
3. Notification will be made to campus when changes to the policy are made.
4. Questions regarding this policy or requests for additional information should be directed to the Human Resources Department.

SECTION II

Undergraduate Wittenberg Tuition Waiver For Dependent Children

A. Eligibility

1. Effective on the date of full-time hire, dependent children of faculty, administrative staff, and support staff (University Staff) are eligible for this benefit. Full-time is defined in the [University Staff Manual](#).
2. For purposes of the tuition waiver benefit, dependent child means the University Staff member's biological child, step-child*, or legally adopted child who can be claimed as a federal tax dependent on the University Staff members tax return. Additionally, for purposes of an adopted child, the adoption must have occurred at least 5 years prior to the child's first enrollment at Wittenberg. For purposes of a step-child, the marriage must have occurred at least 5 years prior to the child's first enrollment at Wittenberg and does not include a step child of divorced or legally separated couples.
3. Documentation such as birth certificate, marriage license and/or adoption certificate must be provided to HR prior to consideration for eligibility.
4. Eligibility of the tuition waiver ceases at the conclusion of the semester of the dependent child's 23rd birthday or marriage, whichever occurs first. Dependent child eligibility may be continued past the age limit for children who cannot work to support themselves due to mental or physical disability and if they continue to be claimed as federal tax dependent of the University Staff member. Extension of the age limit may also be permitted in exceptional cases involving delay in completing the educational program with each request being handled on a case-by-case basis.

*Beginning with the Summer 2022 semester, step-children are eligible for the Wittenberg undergraduate tuition waiver. A retroactive or pro-rated tuition waiver will not be applied to semesters prior to the Summer 2022 semester for step-children who may have attended Wittenberg. Step-children are not eligible for the tuition export scholarship or the tuition exchange benefits.

B. Limitations

1. The waiver of tuition is restricted to undergraduate courses taken at Wittenberg University.
2. The waiver of tuition applies to the basic tuition costs. It does not cover additional fees such as registration, laboratory fees, or technology fees.
3. The waiver does not cover the cost of private music lesson unless the student is a full-time music major who is taking them for course credit.
4. The tuition waiver is limited to a maximum of eight (8) full-time semesters. To receive the full waiver in any given semester, the student must be enrolled as a full-time student (full time is defined as 12 or more credit hours per semester). If a student is enrolled in full-time status during a summer session(s)*, then that/those session(s) will count toward the maximum eight semesters allowed. A student who is enrolled less than full-time is eligible for a waiver of fifty percent (50%) of the tuition charges and these classes *do not* count toward the maximum eight semesters allowed.

**Individual summer 'sessions or terms' count toward the collective summer 'semester' if 12 credits or more are taken over the entire summer.*

5. A full-time student is required to apply for eligible financial aid. This includes completing the Free Application for Federal Student Aid (FAFSA). Other examples of financial aid include federal grants or scholarships, state grants or scholarships, vocational rehabilitation benefits, veteran benefits or veteran's dependent benefits, and corporate, private or foundation grants or scholarships.
6. Grants and/or scholarships received by students that are specifically designated for tuition will be applied toward the cost of tuition before the tuition waiver is applied. In no case will the amount of the waiver exceed the total tuition due on the Wittenberg bill for any semester.
7. Loans obtained are not construed as grants/scholarships and do not affect the amount of the tuition waiver for which the student is eligible.
8. To be eligible to continue receiving a tuition waiver, the student must meet acceptable academic standards as defined in the [University's Standards of Academic Progress policy](#).
9. Once a dependent completes the bachelor's degree requirements at Wittenberg or elsewhere, the student is not entitled to any further tuition waivers. This restriction is applicable even if the student has received a tuition waiver for a total of less than eight semesters of full-time study.

C. Enrollment

1. Complete a Wittenberg Tuition Waiver form (for dependent children), provide your signature, and return the completed form to HR. HR will determine eligibility for the benefit & will work with Financial Aid to apply the waiver to the student's statement. This waiver form must be filed on an annual basis. See the [HR Tuition webpage](#) to access the form.
2. Apply and be accepted to the University through the standard admission process. Dependents of University Staff must qualify for admission to courses or degree programs in the same manner as dependents of non-University Staff applicants. Eligibility for a tuition waiver does not imply a waiver of regular admission requirement or procedures. See the [Admission webpage](#) for details.
3. Enroll in courses through the standard enrollment process. See the [Registrar's webpage](#) for details.
4. Once a student is granted a tuition waiver, the waiver is generally in place for up to eight (8) full-time semesters assuming satisfactory academic standards are met and eligibility is maintained. However, the parent must notify the Human Resources department *annually* of their child's intent to renew the waiver by completing an application for a tuition waiver (found on the [HR tuition webpage](#)). Financial Aid will notify HR if the student is meeting the required academic standards.

D. Change in Employment Status

1. If a University Staff member voluntarily terminates employment during a semester in which the tuition waiver benefit is being utilized by a dependent child, the benefit will be pro-rated and the University Staff member is responsible for re-payment to Wittenberg of the resulting uncovered pro-rated tuition balance.
2. If a University Staff member is involuntarily terminated by the University during a semester in which the tuition waiver is being utilized by a dependent child, the university will determine the use and/or repayment of the benefit on a case-by-case basis.
3. If a University Staff member should become disabled and unable to work, or should die during a semester in which the tuition waiver benefit is *already being utilized* by a dependent child the waiver will remain in-tact for the current semester. Beyond the current semester, as long as satisfactory academic standards are met the benefit may be maintained for the dependent child for a period of up to eight (8) full-time semesters or until completion of the degree being pursued at the time of the employee's disability or death, whichever occurs first.
4. Dependent children of an eligible University Staff member who died or went on long-term disability (LTD) *prior to the tuition waiver benefit being utilized* are also eligible for the tuition waiver assuming the deceased/disabled University Staff member met the eligibility requirements for the tuition waiver benefit and had completed at least five years of continuous full-time service to the University prior to death/disability. The University Staff member must have been actively employed by the University at the time of death/disability and the child must have been an eligible dependent of the University Staff member at the time of death/disability. The tuition waiver is available for a total of up to eight (8) full-time semesters or until graduation, whichever occurs first.

E. Additional Provisions

1. Wittenberg reserves the right to interpret the Tuition Waiver for Dependent Children policy as deemed appropriate in instances of ambiguity.
2. While infrequent, exceptions to policy may be made as needed in instances of special circumstance. Each exception request will be reviewed on a case-by-case basis.
3. Notification will be made to campus when changes to the policy are made.
4. Questions regarding this policy or requests for additional information should be directed to the Human Resources Department.

SECTION III

Undergraduate Tuition Export Scholarship For Dependent Children

Eligible dependents of eligible employees may attend another 2-year or 4-year accredited post-secondary institution provided all requirements below are satisfied.

A. Eligibility

1. Dependent children of full-time faculty members or administrative staff members whom Wittenberg University has employed prior to July 1, 2013 and for at least five (5) consecutive years are eligible to receive a Wittenberg-funded undergraduate tuition export scholarship. Full-time is defined in the University Staff Manual.
2. For purposes of the tuition export benefit, dependent child means the eligible employee's biological child or legally adopted child who can be claimed as a federal tax dependent on the employee's tax return. Additionally, for purposes of adopted children, the adoption must have occurred at least 5 years prior to the child's first enrollment at another institution.
3. Documentation such as birth certificate and/or adoption certificate must be provided to HR prior to consideration for eligibility.
4. Eligibility for the tuition export scholarship ceases at the conclusion of the semester of the dependent child's 23rd birthday or marriage, whichever occurs first. Eligibility may be continued past the age limit for children who cannot work to support themselves due to mental or physical disability and if they continue to be claimed as federal tax dependent of the eligible employee. Extension of the age limit may also be permitted in exceptional cases involving delay in completing the educational program with each request being handled on a case-by-case basis.
5. Hourly support staff and adjunct faculty are not eligible for the export scholarship benefit.

B. Limitations

1. The export scholarship is for undergraduate courses taken at an accredited 2-year or 4-year post-secondary institution.
2. The student must be enrolled as a full-time student*.
3. The tuition export scholarship is limited to a maximum of eight (8) consecutive full-time semesters. If a student is enrolled at full-time status during a summer semester, that summer semester will count toward the maximum eight (8) semesters allowed.
4. The export scholarship applies to basic tuition costs. It does not cover room & board or additional fees such as registration, laboratory fees, or technology fees.
5. For dependents who enter in the Fall of 2017 and after, the amount of the scholarship is limited to seventy-five (75) percent of the current full-time tuition charge at Wittenberg. (Grandfather Clause: The amount of the scholarship for dependents who entered in the Fall of 2016 and prior was one hundred (100) percent of the current full-time tuition charge at Wittenberg).

6. Students eligible for an export scholarship considering a school that is also in the Tuition Exchange, Inc., CIC Exchange, ELCA Exchange, or GLCA Exchange must also apply for an exchange benefit. If not accepted for an exchange benefit, the export scholarship benefit will still be an available option for eligible dependents.
7. The student is required to apply for all eligible scholarships from the attending institution.
8. The student is required to apply for the Free Application for Federal Student Aid (FAFSA) and other eligible financial aid. Other examples of financial aid include federal grants or scholarships, state grants or scholarships, vocational rehabilitation benefits, veteran benefits or veteran's dependent benefits, and corporate, private or foundation grants or scholarships.
9. Scholarships and other financial aid awards designated as "tuition" awards, including awards from the attending institution, will first be applied toward the attending institution's tuition prior to applying the Wittenberg tuition export scholarship benefit. Wittenberg's tuition export scholarship will be calculated on the remaining tuition balance.
10. Grants and scholarships from outside sources designated as "general" or "non-tuition" will not be applied to the Wittenberg tuition benefit – the receiving student can apply those dollars to room and board.
11. Loans obtained will not be construed as grants or scholarships and will not affect the amount of the tuition export scholarship.
12. The amount of the scholarship will be reduced so that the amount of the export scholarship does not exceed the total remaining tuition balance on the bill from the attending college after all other applicable grants and scholarships have been credited.
13. To be eligible to continue receiving a tuition export scholarship, the student must meet acceptable academic standards as defined in the [University's Standards of Academic Progress policy](#). An official transcript or grade report of the student's prior year's work must be submitted to the Office of Human Resources after each academic year.
14. Once a dependent completes the bachelor's degree requirements, the student is not entitled to any further tuition export scholarships. This restriction is applicable even if the student has received a tuition export scholarship for a total of less than eight semesters of full-time study.

*Part-time enrollment may be considered due to special circumstances and will be determined on a case-by-case basis. If part-time, all eligibility & limitation parameters still apply and the amount of the export scholarship will be limited to fifty percent (50%) of the tuition charges less all applicable grants & scholarships. In no case will 50% of the export scholarship exceed 75% of Wittenberg's full-time tuition. For export scholarships, part time semesters *do* count toward the maximum 8 export semesters allowed.

Example 1: Ezry is attending Tiger University as a full-time student with a tuition cost of \$52,000 per year. Ezry receives scholarships and financial aid awards from Tiger University & other sources totaling \$32,000 per year leaving a tuition balance of \$20,000 per year, or \$10,000 per semester. Wittenberg's export benefit allows Ezry to receive a maximum of 75% of Wittenberg's annual tuition cost (\$42,270 for 2022-23) which equates to \$31,702.50 per year or a maximum of \$15,851.25 per semester. In this example, Ezry will receive an export scholarship of \$10,000 per semester to apply toward Tiger University's tuition. The export benefit received covers 100% of the tuition balance because the available benefit (\$15,851.25 per semester) is more than the balance due (\$10,000 per semester).

Example 2: Ezry is attending Tiger University as a full-time student with a tuition cost of \$52,000 per year. Ezry receives scholarships and financial aid awards totaling \$10,000 per year leaving a tuition balance of \$42,000 per year, or \$21,000 per semester. Wittenberg's export benefit allows Ezry to receive a maximum of 75% of Wittenberg's annual tuition cost (\$42,270 for 2022-23) which equates to \$31,702.50 per year or a maximum of \$15,851.25 per semester. In this example, Ezry will receive an export scholarship of \$15,851.25 per semester to apply toward Tiger University's tuition. Ezry will be responsible for the remaining tuition balance of \$5,148.75 per semester. The export benefit will not cover the entire tuition balance because the available benefit (\$15,851.25 per semester) is less than the balance due (\$21,000 per semester).

C. Enrollment

1. Complete the application for a tuition export scholarship found on the [HR tuition webpage](#). Once a student is granted a tuition export scholarship, the scholarship is generally in place for up to eight (8) semesters assuming satisfactory academic standards are met and eligibility is maintained. However, to certify that the student remains eligible for the scholarship the parent must *notify the Human Resources department annually* of their child's intent to renew the scholarship by completing an application for a tuition export scholarship (found on the [HR tuition webpage](#)) and submitting an official transcript or grade report of the student's prior year's work along with the renewal application.
2. Apply and be accepted to the desired school through their standard admissions process.
3. As stated in the Limitations section above, apply for all available scholarships & financial aid from the desired school as well as the other sources listed.
4. Submit the *full detailed* tuition statement for each semester to the Wittenberg Human Resources department for processing. Wittenberg will remit the tuition scholarship directly to the institution that the student is attending provided the student continues to meet the eligibility & limitations parameters.

D. Change in Employment Status

1. If an employee voluntarily terminates employment during a semester in which the tuition export scholarship is being utilized by a dependent child, the benefit will be pro-rated and the University Staff member is responsible for re-payment to Wittenberg of the resulting uncovered pro-rated tuition balance.
2. If an employee is involuntarily terminated by the University during a semester in which the tuition export scholarship is being utilized by a dependent child, the university will determine the use and/or repayment of the benefit on a case-by-case basis.
3. If an eligible employee should go on long-term disability (LTD) or die during a semester in which the tuition export scholarship is *already being utilized* by a dependent child, the scholarship will remain in-tact for the current semester. Beyond the current semester, as long as satisfactory academic standards are met, the benefit may be maintained for the dependent child for a period of up to eight (8) total full-time semesters or until completion of the degree being pursued at the time of the employee's disability or death, whichever occurs first.
4. The export scholarship benefit is not available to dependents of eligible employees who went on LTD or died *prior to the benefit being utilized*.

E. Additional Provisions

1. Wittenberg reserves the right to interpret the Tuition Export Scholarship policy as deemed appropriate in instances of ambiguity.
2. While infrequent, exceptions to policy may be made as needed in instances of special circumstance. Each exception request will be reviewed on a case-by-case basis.
3. Notification will be made to campus when changes to the policy are made.
4. Questions regarding this policy or requests for additional information should be directed to the Human Resources Department.

SECTION IV

Undergraduate Tuition Exchange Programs For Dependent Children

Wittenberg University is a member of four (4) undergraduate tuition exchange programs including the Tuition Exchange, Inc., CIC Tuition Exchange, ELCA Exchange, and GLCA Exchange. Eligible dependents of eligible University Staff may apply to a Tuition Exchange program provided all requirements below are satisfied.

A. Eligibility

1. Dependent children of full-time faculty, administrative staff, and support staff (University Staff) who have been employed for at least five (5) consecutive years* are eligible to apply for a tuition exchange benefit. Full-time is defined in the [University Staff Manual](#).
 - a) ***GLCA Exchange:** Employees hired *after 1/1/2017* must have been employed at least ten (10) consecutive years for their dependents to receive a GLCA Exchange award.
2. For purposes of the tuition exchange benefit, dependent child means the University Staff member's biological child or legally adopted child who can be claimed as a federal tax dependent on the University Staff members tax return. Additionally, for purposes of an adopted child, the adoption must have occurred at least 5 years prior to the child's first application to an exchange school.
3. Documentation such as birth certificate and/or adoption certificate must be provided to HR prior to consideration for eligibility.
4. Eligibility for the tuition exchange benefit ceases at the conclusion of the semester of the dependent child's 23rd birthday or marriage, whichever occurs first. Eligibility may be continued past the age limit for children who cannot work to support themselves due to mental or physical disability and if they continue to be claimed as federal tax dependent of the eligible employee. Extension of the age limit may also be permitted in exceptional cases involving delay in completing the educational program with each request being handled on a case-by-case basis.
5. Eligibility is further subject to the individual exchange program requirements and host institution requirements. These requirements can be found on the applicable Exchange Program websites and with the host institutions.

B. Limitations

1. Exchange awards for the Tuition Exchange, Inc., CIC Tuition Exchange, and ELCA Exchange are competitive and students are selected based on the selection criteria of the importing school. If there are more tuition exchange applicants than the importing institution can accommodate, the institution is free to choose among the applicants who meet those standards. Wittenberg has no input into whether or not a dependent of a University Staff member is provided an Exchange award.

- a) Assuming the student is accepted to a GLCA school through the standard admission process, the GLCA tuition exchange award is automatic/guaranteed.
2. The exchange award is for undergraduate courses taken at institutions participating in the relevant exchange program.
3. The student must be enrolled as a full-time student*.
4. The tuition exchange award is generally limited to a maximum of eight (8) semesters. If a student is enrolled as full-time status during a summer semester, that summer semester will count toward the maximum eight (8) semesters allowed. The importing institution may limit eligibility to less than eight (8) semesters if they so choose.
5. The amount of the tuition exchange award is determined by the specific exchange program and the importing school to which application is made. Some institutions award full tuition while others award less than full tuition. Wittenberg has no input into the importing institutions awarded amount.
6. The GLCA Exchange has automatic acceptance and full tuition coverage. However, the GLCA Exchange program includes a significant student participation fee. Beginning in the Fall of 2017 and thereafter, this participation fee is the responsibility of new students/families entering the GLCA school.
7. **For Export Scholarship Eligible Dependents Only:**
 - a) If a tuition exchange award is less than the full cost of tuition, the Department of Human Resources will determine, on a case-by-case basis, if it is in the best interest of the university to pay the “tuition gap” from the Exchange or to pay the 75% export scholarship.
 - b) Exchange “tuition gaps” for dependents who are not export scholarship eligible will not be paid by the university.
 - c) In instances where export scholarship eligible employees are also considering a GLCA exchange for their dependent child, the Department of Human Resources will determine, on a case-by-case basis, if it is in the best interest of the university to pay the GLCA student participation fee or pay the 75% export scholarship.
8. Tuition exchange awards may be withdrawn if: a) the student does not meet the standards of academic performance and/or personal conduct set by the host institution and/or by Wittenberg, b) loses eligibility, or c) violates other parameters set by the importing university and/or [Wittenberg](#) as part of the exchange requirements.
9. Tuition exchange programs do not accept responsibility for misunderstandings that might, for example, lead to termination of an exchange award. Exchange students have an obligation to remain informed about rules, restrictions, and limitations of the exchange program in which they participate.

C. Enrollment

1. Complete the application for a tuition exchange award found on the [HR tuition webpage](#). The application must be submitted to the Department of Human Resources prior to the beginning of each academic year.
2. Apply and be accepted to the importing school through their standard admissions process.
3. Apply to the Tuition Exchange program(s). Information on each exchange program can be found on the [Tuition Benefit webpage](#).
4. Application can, and should, be made to as many exchange schools as possible to increase the odds of acceptance.
5. Once a student is granted a tuition exchange award the award is generally in place for up to eight (8) full-time semesters assuming satisfactory academic standards are met and eligibility is maintained. The student does not need to re-apply to the exchanges to maintain the award. However, HR must notify the exchanges, on an annual basis, of the students continued eligibility status. Therefore, the parent must notify the Human Resources department annually of their child's intent to renew the exchange award by completing an application for a tuition exchange award (found on the [HR tuition webpage](#)) *and* submit an official transcript or grade report of the student's prior year's work along with the renewal application.

D. Change in Employment Status

1. If a University Staff member voluntarily leaves the university during a semester in which the tuition exchange benefit is being utilized by a dependent child, the benefit will cease as soon as administratively possible. Depending on timing, this may be at the beginning or end of the semester in which the student is currently enrolled.
2. If a University Staff member is involuntarily terminated by the University during a semester in which the tuition exchange benefit is being utilized by a dependent child, the university will determine when the exchange scholarship will end on a case-by-case basis.
3. If a University Staff member should go on long-term disability (LTD) or die during a semester in which the tuition exchange benefit is *already being utilized* by a dependent child, the exchange award will remain in-tact for the current semester. Beyond the current semester, as long as satisfactory academic standards are met *and* the importing institution allows the award to continue, the exchange award may be maintained for the dependent child for a period of up to eight (8) total semesters or until completion of the degree being pursued at the time of the employee's disability or death, whichever occurs first.
4. The tuition exchange benefit is not available to dependents of eligible employees who went on LTD or died *prior to the benefit being utilized*.

E. Additional Provisions

1. Wittenberg reserves the right to interpret the Tuition Exchange policy as deemed appropriate in instances of ambiguity.
2. While infrequent, exceptions to policy may be made as needed in instances of special circumstance. Each exception request will be reviewed on a case-by-case basis.
3. Notification will be made to campus when changes to the policy are made.
4. Questions regarding this policy or requests for additional information should be directed to the Human Resources Department.

SECTION V

Graduate Tuition Remission Program for Employees & Spouses

A. Eligibility

1. Effective on the date of full-time hire, faculty, administrative staff, and support staff (University Staff) are eligible for this benefit. Full-time is defined in the [University Staff manual](#).
2. The spouse of anyone eligible under 1 or 2 above.
3. A marriage license must be provided to HR prior to consideration for eligibility of a spouse.

B. Limitations

1. Eligible University Staff members and spouses seeking graduate tuition remission must meet Wittenberg's standard admissions requirements and are subject to the same academic standards and policies as all other students.
2. Coursework may not interfere with the performance of the employee's regularly assigned work duties & responsibilities.
3. Class capacity restraints may limit employee and spouse acceptances.
4. The benefit applies to tuition charges only. Other expenses or fees are not covered.
5. Tuition remission support for non-spousal dependents of employees is limited to undergraduate courses and does not extend to graduate courses or degree programs. See sections II through IV of this policy for information.
6. Individuals receiving the graduate tuition remission benefit are not eligible for any other university scholarships or discounts. The stated tuition remission factor will be applied to the full tuition rate for courses, credits, and programs.
7. Wittenberg graduate programs include:
 - a) Masters of Arts in Coaching
 - b) Masters of Arts in Education
 - c) Masters of Science in Analytics
8. Graduate tuition benefit percentage
 - a) Employee benefit = 80% tuition reduction
 - b) Spouse benefit = 50% tuition reduction
9. IRS standards and guidelines for taxable graduate tuition remission benefits include:
 - a) The first \$5,250 of graduate tuition remission provided in each calendar year for courses taken *by an employee* is non-taxable. Graduate tuition remission beyond the first \$5,250 is considered taxable income to the employee.
 - b) 100% of graduate tuition remission provided in each calendar year for courses taken *by an employee's spouse* is considered taxable income to the employee.

C. Enrollment

1. Complete the "Graduate Program Application Form" and "Graduate Program Participation Form" which are available on the [HR Tuition webpage](#). The Graduate Program Participation Form must include details of the expected attendance plan

including specific time-off related impact to the position and department (i.e. what is the amount of time during work hours the employee will be in class? How will this time be treated (vacation, time off with pay, time off without pay, or some combination of these)? Before submitting the HR, both *forms must be signed with the required signatures*. Completed & signed forms should be received by Human Resources at least two (2) weeks prior to the deadlines set for enrollment in the course/program. If approved, Human Resources will notify the office of Financial Aid so that the tuition adjustment can be made.

2. Apply and be accepted to the graduate program through the regular process established for all graduate students. Eligible employees and spouses utilizing this benefit are subject to the prerequisite requirements, restrictions, and add/drop limitations and deadlines in place for all students. Eligibility for graduate tuition remission does not imply a waiver of regular admission requirements or procedures. See the [Graduate Admission webpage](#) for details.
3. Enroll in courses through the standard graduate program enrollment process. See the [Registrar's webpage](#) for details.

D. Change in Employment Status

1. If a University Staff member voluntarily terminates employment during a semester in which the graduate tuition remission benefit is being utilized by themselves or a spouse, the benefit will be pro-rated and the employee is responsible for re-payment to Wittenberg of the resulting uncovered pro-rated tuition balance.
2. In a University Staff member is involuntarily terminated by the University during a semester in which the graduate tuition remission benefit is being utilized by themselves or a spouse, the university will determine, on a case-by-case basis, whether to seek reimbursement or to allow the full remission or partial remission for the current term and whether to allow continued remission beyond the current term.
3. If a University Staff member should go on long-term disability (LTD) or die during a semester in which the graduate tuition remission benefit is already being utilized, the remission for the University Staff member will remain in-tact for the current semester (if disabled) and for the spouse (if the University Staff member goes on LTD or dies). Beyond the current semester, as long as satisfactory academic standards are met, the benefit may be maintained for the employee (if disabled) and/or spouse (if employee is on LTD or dies) for a period of up to three additional consecutive years or until completion of the graduate degree being pursued at the time of the disability or death, whichever occurs first.
4. Spouses of an eligible University Staff member who died or went on long-term disability (LTD) prior to the tuition waiver benefit being utilized remain eligible for the graduate tuition remission benefit assuming the deceased/disabled University Staff member met the eligibility requirements for the graduate tuition remission benefit and had completed at least five years of continuous full-time service to the University prior to death/disability. The University Staff member must have been actively employed by

the University at the time of death/disability and the spouse must have been the eligible spouse of the University Staff member at the time of death/disability.

E. Additional Provisions

1. Wittenberg reserves the right to interpret the Tuition Exchange policy as deemed appropriate in instances of ambiguity.
2. While infrequent, exceptions to policy may be made as needed in instances of special circumstance. Each exception request will be reviewed on a case-by-case basis.
3. Notification will be made to campus when changes to the policy are made.
4. Questions regarding this policy or requests for additional information should be directed to the Human Resources Department.
