- 5) Choose a contact method to verify your account. Select Text my mobile phone and enter the number. Then enter the code you receive.

Get back into your account

verification step 1 > verification step 2 > choose a new password

Please choose the first contact method we should use for verification:

☒ Text my mobile phone

☐ Call my mobile phone

☐ Answer my security questions

☐ Approve a notification on my authenticator app

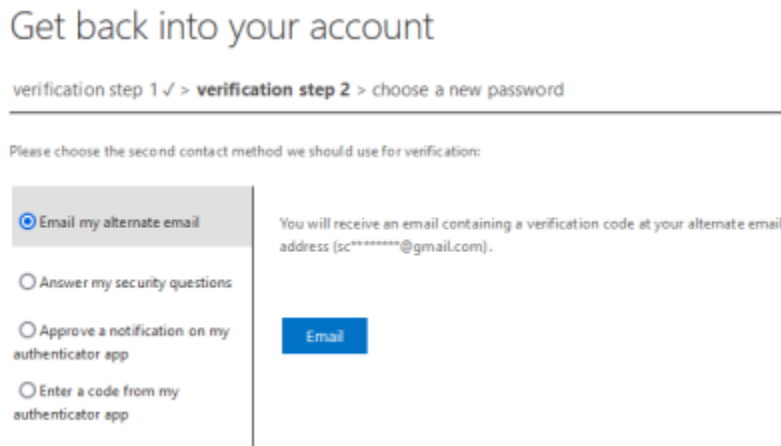

☐ Enter a code from my authenticator app

In order to protect your account, we need you to enter your complete mobile phone number (*****14) below. You will then receive a text message with a verification code which can be used to reset your password.

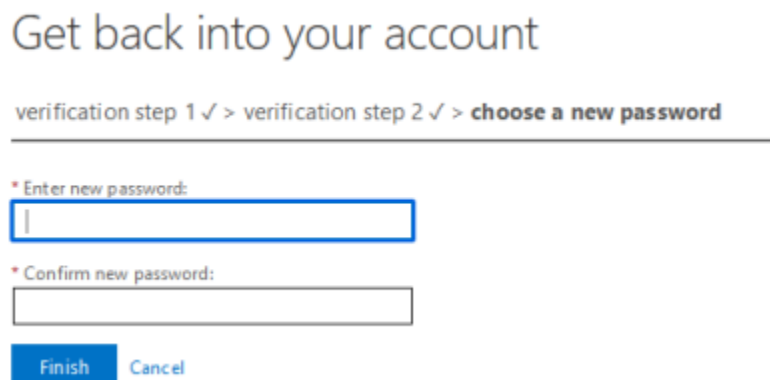

Enter your phone number

Text

- 6) Choose a second method of verification:

The screenshot shows a web page titled "Get back into your account". Below the title is a progress bar with three steps: "verification step 1 ✓", "verification step 2 > choose a new password", and "choose a new password". The main heading is "Get back into your account". Below this, it says "Please choose the second contact method we should use for verification:". There are four radio button options: "Email my alternate email" (selected), "Answer my security questions", "Approve a notification on my authenticator app", and "Enter a code from my authenticator app". To the right of these options, it says "You will receive an email containing a verification code at your alternate email address (sc*****@gmail.com).". Below this text is a blue button labeled "Email".

- 7) Once all verifications are complete, create a password. Enter it again to confirm it matches, and click Finish.
