Math Placement score _____

(Need a minimum placement of 22 in order to enroll in courses that fulfill your Q, M or Z requirements)

Writing requirement _____

(Need at least 7 writing-intensive courses during your time at Witt; at least 2 of them must be in your major)

IV. Major Requirements

Once you declare a major, you will be assigned to a new academic advisor within that department. You should work with your major advisor to determine the requirements for your major and when you will need to complete them. Some courses will need to be taken early, while others may be reserved for your senior year. You should write the courses required for your major in the spaces provided below (in pencil) so you have a tentative plan for completing the major requirements.
