EDUC 520 Building a Culture of Craftsmanship with Students through Project-Based Learning (1 credit)

This workshop-based course will provide background knowledge on how to successfully integrate project-based learning into a K-12 classroom while meeting standards across content areas. Time will be given for the design and development of appropriate project-based learning experiences for participant’s classrooms. By the end of this workshop, participants will have a project-based learning experience they can implement in their classrooms in the future. The text, *An Ethic of Excellence* by Ron Berger, will be utilized for this course.

June 14, 15, and 16 8:00 am-12:15 pm  Instructor: A. McGuffey

EDUC 520 Using SMARTboard and Other Technologies in the Classroom (1 credit)

This course will provide participants with a working knowledge of SMARTboard technology. This course will include the development of original lessons and utilization of SMARTboard exchange. Registrations limited. Laptops with SMARTboard software will be available.

June 21 – 24 9:00 am – 12:15 pm  Instructor: M. Ortman

EDUC 520 Exploring Mindset, a Book Study (1 credit)

This summer, explore your Mindset! Carol Dweck's book is a game changer! In a growth mindset, people believe that their most basic abilities can be developed through dedication and hard work—brains and talent are just the starting point. This view creates a love of learning and a resilience that is essential for great accomplishment. Virtually all great people have had these qualities. Teaching a growth mindset creates motivation and productivity in the worlds of business, education, and sports. This four day book study is well suited for K-12 educators, administrators and coaches alike! Requirements: participants should purchase and read *Mindset: The New Psychology of Success* by Carol Dweck before taking the class. This 1 credit book study will be discussion driven and participants will have modest assignments to prepare for the next day's class.

June 27 – 30 9:00 – 12:15 pm  Instructor: M. Ortman
