Notes:

We completed the course at Playa Flamingo, Guanacasete, Costa Rica during the Witt-in-Costa Rica Program. We used stationary bikes, sharing 2 among us. Most of the times were recorded by noting the time of day rather than using a stopwatch.

*Each member completed 1/3

‡Knee injury(4 days earlier!) prevented biking

°Two team members each swam half

◊Swim/run/bike - order changed to accommodate sharing bicycles among the group
