## EXECUTIVE ADVISOR AND LEADERSHIP COACH

Christopher E. Thompson '94 is an executive advisor, keynote speaker, author, and leadership coach who equips leaders to strengthen the core of who they are so their impact lasts. He is the founder of CORE Inclusive Consulting, a leadership and development firm that helps organizations build cultures where people grow, teams thrive, and leaders operate with clarity, courage, and confidence.

Thompson's upcoming book, *Strong Core: The Inner Work That Grows Lasting Leaders*, introduces a leadership practice that blends story, strategy, and soul. It challenges leaders to shift from performing leadership to becoming leaders whose presence carries weight and whose impact sustains.

With an accomplished background that includes senior leadership roles at JPMorgan Chase, Thompson led enterprise programs that advanced talent development, strengthened organizational culture, and expanded inclusive leadership practices across business units. His experience spans talent acquisition, executive coaching, strategic culture initiatives, and large-scale leadership development, giving him the ability to connect strategy to people and people to purpose.

At Pacific Coast Banking School (PCBS), Thompson teaches a core class titled Culture, Community and Connection along with an elective called Living in the AND. Both courses equip graduate-level banking leaders to navigate complexity, build relational influence, and lead culture with intention. Thompson is known for creating transformative learning experiences. Leaders do not simply attend his sessions. They evolve through them. Certified by the International Coaching Federation (ICF) along with multiple assessments and leadership programs, Thompson helps leaders move from self-awareness to meaningful action. His mission is clear. Build strong leaders who build strong cultures.

In today's keynote, Thompson reflects on the light he discovered on this campus and the way that light continues to shape leaders, communities, and culture. Drawing from his own journey as a student, athlete, and campus leader, he explores how Dr. King's legacy calls us to do the inner work of becoming people who illuminate possibility, create connection, and carry that light into a world that still needs courage, compassion, and clarity. This message invites students, faculty, and the entire Wittenberg community to consider not only the light they find here, but the responsibility to carry it forward.

## HYMN

### "Lift Every Voice and Sing"

Lift ev'ry voice and sing  
Till earth and heaven ring,  
Ring with the harmonies of liberty.

Let our rejoicing rise  
High as the list'ning skies,  
Let it resound loud as the rolling sea.

Sing a song full of the faith that the dark past has taught us;  
Sing a song full of the hope that the present has brought us;

Facing the rising sun  
Of our new day begun,  
Let us march on, till victory is won.

Stony the road we trod,  
Bitter the chast'ning rod,  
Felt in the days when hope unborn had died;

Yet, with a steady beat,  
Have not our weary feet

Come to the place for which our parents sighed?

We have come over a way that with tears has been watered;  
We have come, treading our path through the blood of the slaughtered,  
Out from the gloomy past,  
Till now we stand at last  
Where the white gleam of our bright star is cast.

God of our weary years,  
God of our silent tears,  
Thou who hast brought us thus far on the way;  
Thou who hast by thy might  
Led us into the light;  
Keep us forever in the path, we pray.

Lest our feet stray from the places, our God, where we met thee;  
Lest, our hearts drunk with the wine of the world we forget thee;  
Shadowed beneath thy hand  
May we forever stand,  
True to our God, true to our native land.

## **PRESIDENT'S COUNCIL ON MISSION AND VALUES**

The President's Council on Mission and Values seeks to strengthen Wittenberg's commitment to its mission and values by providing a platform for council representatives to identify needs and challenges to executing commitment to mission and values. The council will serve as an advisory body providing input to the Office of the President and formulating coordinated actions and initiatives to address topics related to our mission and values within all areas of the campus community. Council chair is Joi Garrett Scales, vice president and dean of student engagement.

## **DIVERSITY ADVISORY COMMITTEE**

The DAC focuses on advocating for diversity and equity initiatives, recommending policy changes, and fostering inclusivity through collaboration with various campus groups. Key responsibilities include planning faculty development workshops on inclusive practices, advising campus constituencies to enhance diversity, and coordinating significant observances such as Martin Luther King Jr. Day while periodically analyzing curriculum for diversity-related content. Theresa Wilson, Ph.D., professor of practice in computer science, serves as committee chair.
